

72" Metal Target shot Assembly Instructions

PACKAGE CONTENTS:

PHOTO	DESCRIPTION	QTY
	short bungee	4PCS
	Long bungee	4PCS
	target shot	1PCS

ASSEMBLY STEPS:

Assemble the target per below pictures.

1. 4 Long bungees should be used to secure target shot to top of hockey goal by threading bungees through metal eyelet and wrapping around back top shelf.

2. 4 Short bungees should be used to attached sides of target. Thread bungee through one metal eyelet, wrapping the target around the side post, and then threading the bungee through the second metal eyelet adjacent to the first. Repeat this for all four side attachments.
